August Belmont's Woolwich and Bridge man Also in Favor, With a Following for Timber, Flip Flap, Jerry Wernberg and Vendor-Heavy Track at Hay.

The \$50,000 Futurity, six furlongs, will be run over a heavy track this afternoon. In the list of entries sent out by the Coney Island lookey Club last night seventeen starters were named to go to the post. To pick the winner from this lot will probably puzzle the great crowd that will go to the picturesque track, for no particular colt or filly is regarded as for no particular colt or filly is regarded as having a reasonably fair mortgage on the prize. Among the smart people yesterday W. O'B. MacDonough's colt Ormondale, a son of the famous Ormonde, was regarded as a possibility, chiefly because of some fast work shown recently at Saratoga, but whether he can run in the mud or not is something that nebedy seamed able to say. Orthing that nobody seemed able to say. Or-mondale is a splendid looker. He has been pointed for this race by Tom Welsh, his trainer. and Redfern will have the mount. He gets in with 117 pounds, and his owner was recently asked to come all the way from California

Next to Ormondale August Belmont's pair, Woolwich, a fine colt by Hastings—Woodvine, and Bridgeman, a son of Octagon—St. Bridget, are in much favor. Woolwich, because of his noted sire's ability to travel wall in soft going, should be as home on the kind of track that will prevail to-day. His best race of the season was a victory over the noted First Water in the Expectation the noted First water in the Expectation Stakes, after which he was a head out of the money in the Great American Stakes, beaten by Battleaxe, Bohemian and Jerry Wernberg. Bridgeman was tried several times at the Spa, but is still a maiden. While his performances were disappointing, the experts were not in-

were disappointing, the experts were not in-clined to pass him up altogether, and it is possible that he will show an improvement to-day under favorable circumstances. H. P. Whitney's Timber, by Ogden—Lola A., recently purchased from John E. Madden, will not be allowed to run unbacked, from present indications. His races at Saratoga were not up to the standard set earlier in the were not up to the standard set earlier in the season at the local tracks, but Trainer Rogers has not been extending the colt too much, for the reason that he is anxious to have him right on edge when he faces the barrier this afternoon. J. A. Bennet has held to the belief all along that his filly Flip Flap, by Handall along that his filly Flip Flap, by Handspring—Alvaretta, has a royal chance, and the
fact that she can fly in the mud has strengthened his confidence in her. She is a rather
slow beginner, but a powerful stretch runner,
and for that reason will probably have an
army of supporters when the betting begins.
Sydney Paget has named Jacobite, a gelding by Golden Garter—Flora Mac, who must
take up 123 pounds. This youngster won a

As strapping big colt by Wateroress—Fleurette, who has been tried on several occasions but has never won. Wernberg has worked in splendid form for the Futurity, and Bennington, together with his trainer. Fred Burlew, thinks he can win with any kind of fair racing luck. He is a sluggish colt who needs just such a vigorous hustling race Gordon Coogan of New-port won, with H. W. Sage second and Hugh Legare of Washington won, and presented his needle in the contest. John L. Conway in the surprise of Washington won, and presented his needle in the contest. John L. S. S. Brown's Accountant, by Filigrane—Reckon, must pick up top weight, 130 pounds, which includes a penalty for winning the Brighton Junior Stakes. This colt has shown much class, but experts believe that the weight will prove too much for him. Father Bill Daly has decided to start Veronese, a colt by Henry of Navarre—Mount Vernon, who won a cracking good race at the Spa and likes heavy going. William Astor Chanler's colors will be caried by Artery, a green maiden by Ogden—British Blue Blood, hence a half brother to John A. Drake's Britisher. This colt was bred by Madden and sold to Mr. thenler some time ago. As his recent work was excellert, it was decided to start him, and Bullman will have the leg up. Zienap, by Madden "and because ded on "Ruhlin did the beause and because the start him, and the start him and t was excellent, it was decided to start him, and Bullman will have the leg up. Zienap, by Florist—Alleviate, and Woodford Clay's filly Running Water, who may be scratched because of a rumored lame shoulder, complete the list. The entries, weights and probable jockeys follow:

CAPE MAY AUTO RACES.

Kilometer Trials Fall to Produce New Record on the Beach.

CAPE MAY, Aug. 25,-The two days automobile meet races over the straightaway tide-washed course here began this morning. The races to-day were devoted to kilometer contests. It was a perfect morning for the events, there being little wind and just an overcast sky to keep off the boiling sun, and the tide was well out and the ocean but little perturbed. The strand was in splendid Of nine events scheduled for this morning

five were run and four had to be post-poned because Henry Ford's racer did not arrive from Detroit, Mich., until this afternoon, nor did Louis Chevrolet's Fiat ar-rive until 5 o'clock this evening; therefore the speed races between these cars, together with Christie and Campbell in the 80 horsepower Darracq racing car, will be run to-morrow, interspersed with the mile contests. Madden, "and because he did not put McCormick away in a minute the press out here said that the encounter was not up to expectations. The sports did not take kindly to the mill because the men engaged were not local men. John L. Sullivan was right when he said McCormick was a good man. He is clever, an excellent puncher and game and Gus was lucky to win. He had to wear McCormick out and use good generalship, too. I made Ruhlin take his time as much as possible, as we had twenty-five rounds in which to do the trick. I saw Britt outpoint Kid Sullivan and I also saw Jimmy Gardner give Rufe Turner a good trouncing. Boxing will last a long while here if they handle it right. But they have got to have a reputable local man or a champion to draw the money. Ruhlin expects to go to Los Angeles and fight Jack Jeffries. From Los Angeles we will visit Salt Lake City, Denver and might take a trip to the Nevada gold fields. Ruhlin will try to secure a match at one of these places if he fails to meet Jack Jeffries. The papers are full of the approaching Britt-Nelson mill. The best judges favor Britt to win the match." he said McCormick was a good man. He is

Will Not Challenge for America's Cup Under Old Conditions.

Special Cable Despatch to THE SUN. GREENOCK, Scotland, Aug. 25.—Sir Thomas Lipton in an interview to-day said: "Neither Inor Mr. Mylne, my designer, will agree to enter upon negotiations which do not recogenter upon negotiations which do not recognize the futility of challenging under the old conditions. Mr. Mylne, approaching me on the subject some time ago, spoke in the most unequivocal terms on this point. "I am," said Sir Thomas, "desirous, and even anxious, to build a challenger, but I am necessarily at a standatill owing to the position assumed by the New York Yacht Club, which simply asks for a challenger and says it will consider the conditions afterward. This, in Sir Thomas Lipton's view, is too severe a handicap, and must be modified in the direction he asks.

LONG BRANCH, Aug. 25.—The three cars in the non-stop contest at Long Branch experienced their first day's run in a rainstorm perienced their first day's full in a failstorin to-day. Rainsoaked links did not bring a halt to the golfing at the Deal Golf Club tournament yesterday, but the downpour brought out some novel and odd combinations in sweaters and storm rigs among the players. Travers went out in 42, and Bowers in 47, the former coming in with 37 to 44 for Bowers and winning by 6 and 4. Travers's card was: 

Sherman went out in 41 in the morning and Peters in 46, both winningstheir matches easily. Peters caught a 2 on the 100 yard thirteenth hole, as he did on Thursday. The afternoon play broughs up Sherman on an equality with Travers as to scoring, for he made a 79.(42 and 37) in putting out Wallace. This morning he will meet Peters, who went out in 43 against Pfeil. Sherman won the first cup last year, and on his play thus far he seems to be still the contender most to be feared this year, for Travers had three 6s and a 7 in his afternoon match against Mackellar and may not be as steady in the long run as the Utica youth. GLORIA WINS MINOT CUP. G. Herrick Duggan Sails the Fife Cutter to Victory at Halifax.

HALIPAX, N. K. L. Ross, son of James Ross of the Dominion Steel interests, and sailed by G. Herrick Duggan, the well known designer of Seawanhaka cup defenders.

The wind was light from the north and the Gloris led all over an eight mile course after passing the 33 footer Princess, a Crowninshield boat, which took the lead at the start, but lost it in a short time owing to her throat haly ards parting. The race was open to local boats only.

This afternoon Howard Gould informally entertained a party of local yachtsmen on board the Ni agara. Later he attended a tea given by Commodore Jones of the Royal Nova Scotia Yacht Squadron and Mrs. Jones Arm. Mr Gould has as guests on the Northwest Arm. ATHLETES TO BE PROSECUTED. A. A. U. to Raise a Fund for Bringing

Shady Amateurs to Justice. Prominent officials of the A. A. U. have planned the introduction of a scheme at the ational convention next November which they are of opinion will stop athletes from competing under assumed names and at unsanctioned meets. The plan is to inaugurate a fund to be devoted to the purpose of prosecuting athletes found guilty of impersonation and who have previously con-tested with or against professionals and who afterward try to pose as amateurs, assuming another name for the purpose. Acquiring money or goods in other walks of life by false pretenses is a public misdemeanor, and legal authorities assert that the same law applies to athletic sport. It is a legal offense in Eng-land, and frequently athletes have been brought up in court for winning prizes under conditions contrary to the laws of amateur athletics.

U. officials say, and from the arguments they offer they seem to be well posted on the laws of the land. The cause of this step by laws of the land. The cause of this step by the A. A. U. officials is the frequent offenses by registered athletes in competing at picnics and other professional games. All this year a number of the metropolitan athletes have been making the rounds of the unsanctioned meets, and, though they little dreamed it, were being watched by A. A. U. scouts and their names reported to the registration committee. Chairman John Steil has a list of these offenders, and it is probable that after an investigation they will be suspended forever.

New Players for New York Americans. The New York American League Baseball Club is not overlooking any opportunities to put a strong team in the field next season in so far as the engaging of young players of promise from minor leagues will accomplish that end. The team is a strong one already, but realizing that ambitious youngsters but realizing that ambitious youngsters must be had from time to time to take the place of the older men as they lose the edge of their speed Frank Farrell and Manager Griffith already have fastened on to no less than ten players from minor leagues, players who have made their marks in the minors and who have been recommended by expert who have made their marks in the minors and who have been recommended by expert scouts. All the players named here have been purchased, the club preferring to go down in its pocket and not to wait for the drafting season. The ten players are:

Keefe, pitcher from the Tacoma club; Hahn, outfielder from Birmingham; Thomas, catcher from Povidence; Kissenger, pitcher; McAllister, catcher, and La Porte, second baseman, all from the Buffalo club; Moriarity, third baseman, from the Toledo club; McCarthy and Leroy, pitchers, from the Montreal club. The Pacific Coast, Southern and Eastern leagues and American Association are represented in the list. Delehanty already is with the New Yorks, La Porte is to join the team before the end of the month and the others before the middle of September. Delehanty and Hahn were at the top of the batting heap in the Southern League, Thomas is said to be the best catcher in the Eastern League and is a good sticker. Moriarity was the crack third baseman of the American Association and a fast may on the bases. Kissenger has had big league experience, having played with Detroit in the American League.

NEWPORT, Aug. 25 .- There was no play in the fourth round of the national tennis tournament at the Casino to-day, it being tournament at the Casino to-day, it being prevented by a heavy rain which set in last evening and which continued throughout the night and to-day, making it impossible to use the courte. As a result the championship games will go over to Thursday next, extending the tournament one day longer than ordinarily, but if the weather should continue to be bad it will be necessary to rush the play next week, as the Casino grounds the latter part of next week will have to be made ready for the horse show, which opens the first Monday in September. Yesterday the drawings for the consolations were made and these will allow. There is now a northeast storm and the prospects for good weather to-morrow are not very encouraging, as such a storm usually lasts three days here.

GRAB A GAME FROM BLUES.

WITH CHESBRO AT HELM NEW YORKS STEER TO VICTORY.

No Scoring Until the Eleventh Inning. When Both Sides Tally—Bostons One Run Shy in Both Games With White Sox-Philadelphias and Browns Win.

With Chesbro at the helm the New York Americans steered to victory in an eleven inning game in Cleveland yesterday. The Bostons, who were threatening to dislodge them from fourth place, were put out twice them from fourth place, were put out twice by the Chicagos, and there is no danger from that quarter, for a while at least. The New Yorks are pressing hard on the heels of the Blues. As the Philadelphias won in Detroit the race became still more of a tussle between the leaders and the White Sox. The re-vivified St. Louis Browns whitewashed the Washingtons. The results: New York, 8: Cleveland, 1.

St. Louis, 1; Washington, O. Philadelphia, 6: Detroit, 8. Cifroago, 3: Boston, 2-First game. Chicago, S; Boston, 2-Second game.

STANDING OF THE CLUBS. 

CLEVELARD, Aug. 25.—Allowing the New Yorks only three hits in ten innings, Donahue lost the game to-day in the eleventh inning on a base on balls, three hits and an error which netted three runs. Up to that inning Donahue had Griffith's band at his meroy. Clark Griffith then got off first base and hurled a line of talk at the sorrel top that confused him. He protested to Sheridan, and the latter sent Grif to the bench. Nothing daunted, he again became sarcastic, the result beng that the umpire escorted him off the field. Donahue was by this time badly rattled and everything he served up was rapped to the outer garden. In the eleventh inning McGuire banged a drive to Donahue. It was too swift for him, but he knocked it down, and Turner, rushing up on a dead run, grabbed the ball with one hand and fired it to first, beating McGuire by a foot. Then Chessbro was passed. Dougherty singled and Keeler doubled against the left field fence, ecoring the pitcher. Elberfeld's single scored Keeler, Williams was safe on Bradley's error and Delehanty hit into a double play that retired the side. Bradley reached third in the second inning on a fielder's choice, an out and Carr's single, but was run down when McGuire threw to Williams, playing in, as Carr stole second. Jackson scored in the eleventh on his single, Ray's out, Flick's single and an error. The score: Yorks only three hits in ten innings, Donahue
